

CSUCI STUDY ABROAD

WHY SHOULD YOU STUDY ABROAD?

The International Programs Office is committed to providing CSUCI students opportunities for experiential learning in environments and cultures outside of the United States. We take pride in graduating students with multicultural and international perspectives.

A study abroad experience can help you develop intercultural competence, experience personal growth and reflection, gain valuable career skills, achieve proficiency in a foreign language, and see the world!

CAN I AFFORD THIS?

HOW DO YOU GET STARTED?

1

2

TALK TO A STUDY ABROAD ADVISOR!

Make an appointment with a Study Abroad Advisor to talk more about what program you want to do. This would also be a good time to ask about cost and academics.

3

TALK TO AN ACADEMIC ADVISOR!

Make an appointment with an Academic Advisor or your Faculty Advisor to talk about how you can fit study abroad into your degree path.

4

APPLY!

Once you have picked a top-choice program, it is time to apply! Ask your study abroad advisor if you need help with the application process. You can find the application through the CSUCI Study Abroad website.

5

KEEP IN TOUCH!

If you are approved to go abroad, there will be several more steps including mandatory pre-departure orientation, securing your student visa, class registration, etc. The International Programs Office will be here to support you every step of the way - before, during, and after study abroad!
